Harris County Municipal Utility District No. 119
P.O. Box 690406
Houston, Texas 77269

Notice to Residents

October 16, 2026

Dear Residents of Harris County Municipal Utility District No. 119:

On October 15, 2026, the Board of Directors of Harris County Municipal Utility District No. 119 adopted an increase to the District's water and sewer rates. This is the first rate adjustment since 2014.

The increase is necessary due to the rising costs of infrastructure maintenance. Maintaining and repairing the District's water and wastewater systems is essential to providing reliable service, meeting regulatory requirements, and protecting public health and the environment. The Board carefully reviewed operating expenses and determined that a rate adjustment is required to continue delivering the level of service residents expect.

The new rates will take effect with the December 2026 billing cycle. Detailed information on the revised rate schedule is available on the District's website at www.hcmud119.org or by contacting the District's operator.

We understand that any increase in utility rates is significant for households. The Board remains committed to operating the District efficiently, controlling costs where possible, and ensuring that rates support only the necessary maintenance and operation of the system.

If you have questions about the rate adjustment or your account, please contact Regional Water Corporation, the District's operator, at (281) 897-9100 or customerservice@regionalwater.net.

Thank you for your understanding and continued support of the District.

Sincerely,

Board of Directors
Harris County Municipal Utility District No. 119
